SUMMARY

I am a React Developer with 2 year of hands-on experience in building and maintaining responsive websites and applications using HTML, CSS, JavaScript, and React. My skills in front-end development and passion for creating dynamic user interface design and website.

WORK EXPERIENCE

React Developer, P3 Financial Group   Jan 2024 - Present

- Developed and optimized user interfaces for the Jubilee Life Insurance project using React.js, Material UI and Bootstrap.
- Integrated REST APIs for seamless data flow between frontend & backend.
- Worked on responsive design, ensuring cross-browser compatibility & a smooth user experience.
- Collaborated with backend developers to troubleshoot API issues and improve performance.
- Enhanced the UI/UX based on client feedback, ensuring a user-friendly interface .

React Developer Intern , P3 Financial Group   Sep 2023 - Dec 2023

- Assisted in developing and enhancing responsive user interfaces using React.js, Material UI, and Bootstrap, ensuring modern design practices.
- Collaborated with senior developers to integrate REST APIs for efficient data communication between frontend and backend systems.
- Supported cross-browser testing and responsive design improvements, contributing to a seamless user experience.
- Participated in code reviews and troubleshooting, improving application performance and reducing UI/UX issues.
- Gained hands-on exposure to industry best practices in frontend development while contributing to real-world client projects.

PROJECT

Jubilee LIfe Insurance

- Developed a responsive insurance management interface using React.js, Material UI, and Bootstrap, integrated APIs for policy data, and optimized UI/UX for better client interaction.

Soneri Bank – Financial Dashboard

- Contributed to a secure banking dashboard by implementing React.js components, REST API integration, and ensuring cross-browser responsive design for smooth user experience.

Personal Project – Full-Stack E-commerce (React + Node.js)

- Designed and developed a complete MERN stack e-commerce with authentication, product management, and cart functionality, showcasing skills in frontend & backend integration.

EDUCATION

Bachelor of Business and Information Technology (BBIT)   2025-Continue
Virtual University of Pakistan

- Gained knowledge in business management, software development, databases, and project management.
- Coursework included structural design, project management, and information systems.

ADDITIONAL INFORMATION

Technical Skills

- Front-End: HTML5, CSS3, JavaScript (ES6+), React.js, Next.js
- UI Libraries : Material UI, Ant Design, Bootstrap, Tailwind CSS, PrimeReact
- State Management: Redux, Context API, Redux ToolKit,
- Other Tools: REST API Integration, Responsive Web Design, Gitlab/GitHub, SourceTree

Certifications

- MERN Stack Development

Soft Skills

- Strong communication and collaboration skills
- Problem-solving and analytical thinking
- Team player with proactive learning attitude
