### SUMMARY

React Developer with 2+ years of experience building scalable, responsive web applications using React.js and Next.js. Strong in API integration, state management (Redux Toolkit), and modern UI frameworks. Focused on performance optimization, clean code, and delivering efficient, user-centric solutions.

### WORK EXPERIENCE

#### React Developer — P3 Financial Group

Jan 2024 - Present

- Developed scalable and reusable UI components using React.js
- Integrated REST APIs for seamless frontend-backend communication
- Improved application performance and reduced UI bugs through optimization
- Collaborated with backend teams to resolve API and data flow issues

#### React Developer Intern — P3 Financial Group

Sep 2023 - Dec 2023

- Built responsive UI using React.js, Material UI, and Bootstrap
- Assisted in API integrations and frontend optimization
- Performed debugging, testing, and cross-browser compatibility fixes
- Participated in code reviews and followed best development practices

### PROJECTS

#### Financial Dashboard — Soneri Bank (Ongoing)

- Developing secure and scalable dashboard components
- Integrating APIs for real-time financial data
- Enhancing UI/UX and optimizing performance

#### Insurance Dashboard — Jubilee Life Insurance

- Built responsive dashboard using React.js and Material UI
- Integrated APIs for policy data management
- Improved usability based on client feedback

### EDUCATION

#### Bachelor of Business & Information Technology (BBIT)

Virtual University of Pakistan (2025 - Ongoing)
