PROFESSIONAL SUMMARY

React Developer with 2+ years of experience building scalable and responsive web applications with React.js and Next.js. Experienced in REST API integration, Redux Toolkit, reusable UI components, and modern UI frameworks. Focused on clean code, performance optimization, responsive design, and delivering user-centric web solutions.

PROFESSIONAL EXPERIENCE

React Developer — P3 Financial Group

Jan 2024 – Present

- Develop scalable and reusable UI components using React.js.
- Integrate REST APIs for reliable frontend-backend communication and data flow.
- Optimize application performance and resolve UI issues to improve usability.
- Collaborate with backend teams to troubleshoot API integration and data flow issues.

React Developer Intern — P3 Financial Group

Sep 2023 – Dec 2023

- Built responsive interfaces using React.js, Material UI, and Bootstrap.
- Assisted with API integrations and frontend performance improvements.
- Performed debugging, testing, and cross-browser compatibility fixes.
- Participated in code reviews and followed frontend development best practices.

SELECTED PROJECTS

Financial Dashboard — Soneri Bank (Ongoing)

- Develop secure and scalable dashboard components for financial workflows.
- Integrate APIs to support financial data and frontend data flows.
- Enhance UI/UX and optimize application performance.

Insurance Dashboard — Jubilee Life Insurance

- Built a responsive dashboard using React.js and Material UI.
- Integrated APIs for policy data management.
- Improved usability based on client feedback.
